

CITRUS GREASE AWAY

Citrus **Grease** Away is a floating degreaser based product that is 100% Bio-degradable . The active ingredients in Citrus Grease Away revolve around special non-petroleum based solvents that emulsifies and creates quick penetration and rapid dispersion of fats and grease.

Citrus Grease Away key cleaning ingredient is the d-Limonene extract that provides the ability for it to break up and cleanse all grease build up. Citrus Grease Away can be used in many cleaning needs including grease removal in wastewater lift stations and wet wells. This powerful and proven product provides our customers with a product that is easy to apply and maintain that will deliver the results they are looking for over and over again.

Before

After
