## **Citrus Grease-Away Degreaser/Deodorant**

**CITRUS GREASE-AWAY IS THE NEWEST AND MOST ADVANCED** wastewater degreaser and deodorant for use on caked grease deposits that is on the market today.

The active ingredients revolve around a special NON-PETROLEUM SOLVENT called CULTIVARA, which, with other ingredients, greatly increases the solvent action emulsifies, creates quick penetration and rapid dispersion of fats and grease.

Since the deodorant is an integral part of the base solvent, not just an added perfume, the pleasant citrus odor stays in the wet well for an extended period of time.

Citrus Grease Away is also an excellent cleaner for most equipment such as sewer lines, garbage containers, and trucks - wherever there are grease deposits. **THIS POWERFUL ACTION SHOULD NOT BE USED ON NATURAL RUBBER OR CHEAP PLASTIC.**

Used judiciously, and in recommended amounts, it may be used as a cleaner in sewer lines and treatment plants.

Excellent for all wet wells, wastewater pipelines and pumping stations

Discourages vermin populations

Will not harm equipment

Contains no free caustic, no phenols or chlorinated hydrocarbons as active ingredient additives. Modern analytical methods may show trace amounts of impurities of no significance.

Significantly helps in preventing the re-depositing of hard grease deposits.

A technical data sheet is available on request.

**This product must not be confused with other products in the market to dissolve hard grease deposits. All products are not subject to competitive bidding since each product is different in composition and the ability to dissolve grease may be nil or minimal. It is imperative that all products be tested for efficiency. We will prove the far superior performance of Citrus Grease Away by running a grease-dissolving test in one of your wet wells. Please ask for this test and inform the purchasing department of the results and not base purchases on price alone.**
